

Introductory Activity (Soft Skills Game)

Annex 2 – Avatar Cards

Instructions

The following document presents the cards to give to the players at the beginning of the game, to help them create a character (avatar). There are 5 different cards.

What do I have to do if I am the organizer of this activity?

For the beginner level:

- You should print the Avatar Generic Cards (print them on both sides of an A4 paper sheet and then cut them into 4 pieces). You need one card per player.

For the expert level:

- You need to select a mission.
- Then you should print the Avatar Mission Cards related to that mission on both sides of an A4 paper sheet.
- Then, cut the paper sheet into 4 pieces and give one card to each player. You need one card per player.

Once the Avatar Cards are printed, you need to print for each group the Soft Skills Cards and the Playing Board and then you can start the game.
